Steve Brown
Managing Director
Armtrac Ltd
Cambridgeshire
CB25 0AH

Dear Steve

I wanted to drop you a quick note of appreciation for the work you have done for RONCO during the past demining season in Sudan. It has been a big learning curve for both Armtrac and RONCO but both the team and I appreciate all that you have done to ensure the minimum down time with the machines.

The ability for the machines to withstand anti tank mine damage was instrumental in ensuring we finished the season on schedule but more importantly your willingness to work with us and ensure the machines stayed on track made me proud that we chose you over the MineWolf.

I look forward to another good season in Sudan and of course expansion of your machines into other programs with RONCO.

Again I wanted to express my appreciation and thanks! Surviving one mine strike was good but two – just outstanding.

Sincerely,

RW Gannon
Vice President Operations
