

To whom it may concern

Soultz Sous Forêts, 12th of June 2015

Reference letter

Created in 1957, CEFA SAS is today a renowned supplier of bridge and ferry systems for French Ministry of Defense and United Arab Emirates Ministry of Defense, such as:

- EFA amphibious crossing vehicles,
- Vedette F2 safety and bridge erection boat.

We hereby certify that CEFA SAS has worked with Armtrac Ltd for over last 4 years. CEFA SAS and Armtrac Ltd have won a 20 million Euro contract to supply Armtrac machines to the French Ministry of Defense. Indeed the Armtrac machines were favored over the competitors due to the reliability and versatility of the Armtrac machines, as they can be used for de-mining and construction.
